\$3 Million Suit Filed In Zoning Conflict

County Appeals Board
Claims Libel by County
Taxpayers Association

A \$3 million libel suit was filed in the circuit court Friday for the Madison county zoning board of appeals and Jack Clifford, zoning and building administrator, against the Madison County Taxpayers Association and its officers.

Ten counts in the complaint name the association and its officers, William Stutz of Foster township, president, and Pat Urban of Collinsville as defendants.

Principal plaintiff is Howard Kaseberg, Granite City farmer and chairman of the zoning board of appeals, who is suing for a total of \$1 1/2 million.

The other plaintiffs are members of the zoning board of appeals, including Paul C. Worcester of Wood River and Marion J. Wilcox and Leo Seelbach, both of Edwardsville, in addition to the administrator.

They allege their reputations were damaged, maliciously, by the association and its two principal agents in statements published in the Madison County Daily News of Edwardsville and the Edwardsville Intelligence and distributed to members of the Madison county board of supervisors.

Each seeks \$300,000. Each of the six plaintiffs is seeking \$50,000 special damages and \$250,000 punitive or exemplary damages, plus costs, over a statement published in the Daily News last December.

Kaseberg has filed four other individual counts for statements provided to the county board of appeals, individually, and to the other four counts demands \$300,000 damages.

The taxpayer association and some of its members have been principal foes of county zoning since it first was proposed and in recent months have been outspoken in attacks against the two-year-old county zoning ordinance.

Struggling in Code

The zoning ordinance itself currently is under consideration by the county board of appeals and subdivision control committee, which plans to recommend amendments to streamline it.

(Continued on page 18, col. 3)

BIRTHS

Births recorded at St. Elizabeth Hospital:

GIRLS

Mr. and Mrs. Norman Miller, 2132 Aubrey avenue, Feb. 25, a baby, seven pounds, eight ounces.

Mr. and Mrs. John Harsh, 2703 Kirkpatrick homes, Feb. 25, a baby, seven pounds, nine ounces.

Mr. and Mrs. Raymond Jones, 2116 Ash street, Feb. 26, a baby, four pounds, six ounces.

Mr. and Mrs. Larry Dement, 2112 Madison avenue, Feb. 27, a baby, seven pounds, one ounce.

Mr. and Mrs. William Gardner, 4409 Vine street, Feb. 23, a baby, seven pounds, 11 ounces.

Mr. and Mrs. Norman Meyer Jr., 2441 Angela drive, Feb. 27, a baby, six pounds, nine ounces.

Mr. and Mrs. Billy Dixon, 2203 Lee avenue, Feb. 28, a baby, 15 ounces.

Mr. and Mrs. Edred Sellers Jr., 2028 Beckwith avenue, Madison, March 1, six pounds, 12 ounces.

BOYS

Mr. and Mrs. Paul Stochhoff, 9 Devon Hill, Feb. 26, a baby, seven pounds, six ounces.

Mr. and Mrs. Raymond Dragich, 1702 Sixth street, Madison, Feb. 26, a baby, seven pounds, eight ounces.

Mr. and Mrs. James Brim, 2424 Ohio avenue, Feb. 27, a baby, eight pounds, eight ounces.

Mr. and Mrs. Kenneth Tipton, 2123 Miracle avenue, Feb. 28, a baby, six pounds, eight ounces.

Mr. and Mrs. Monte Kessler, 3222 Wayne avenue, Feb. 28, a baby, eight pounds, 15 ounces.

Mr. and Mrs. Thomas Bowers, 1719 Spruce street, Feb. 28, a baby, six pounds, 13 ounces.

Rezoning Ok'd for One Apt. Project

Plan Commission Delays
Ruling on 2nd Project
Due to Technicality

The Granite City Planning Commission approved a rezoning request for a million-dollar apartment project in the Nomeki area on West Ponton road Thursday afternoon, but tabled for future action a similar project, valued at \$1,250,000, apartment project at East Ponton road and Washburn avenue.

The tabling motion on the second project was approved unanimously by the eight attending board members as the result of a technicality involving footage requirements after the board already had heard on Feb. 24 and a half of discussion for and against the apartment plan.

Given approval was the zoning request for a 20-building, 100-unit design development of two-story brick apartments for 100 families by Ponton road and the Herbert Bisschhoff farm along West Ponton road between the Bisschhoff home and the Melrose subdivision. The tract was rezoned from R-1 classification to R-2 (single-family dwelling). There were no objections to the petition and the request was given unanimous approval by voice vote immediately upon presentation by Commissioner William Hochstetler.

The tabling motion called for rezoning of a 20-building, 100-unit design development of two-story brick apartments for 100 families on a five-acre tract bounded by Ponton road and Washburn avenue and Ames avenue. Robert Swartz is heading the design and development of the tract at Ponton and Washburn.

Altemer Head Protest

Postponement of a decision on the Swartz project, which drew objections to the development which were spearheaded by Altemer, led to the decision to postpone the project. The project was presented by the Swartz project, which drew objections to the development which were spearheaded by Altemer, led to the decision to postpone the project.

Details of the project were presented at the meeting of the discussion by Randall Robertson, attorney representing Swartz, who told the commission that all engineering details as to sanitary and storm water sewer, foundation, and other details were being worked out. He said that all plans were within requirements of the zoning and subdivision laws.

While the board showed sympathy with the request but noted that it could not legally take such action, since it would not conform to the provisions of its trust instrument and also because of the pending recommendation of its consulting engineer.

The board approved a new yearly contract with the Gilman firm at \$1000 a month, and changed the year to conform with the March-February fiscal year.

Harsh was named president, and Lacey Randolph was elected vice president, succeeding Arthur Trevis. Also re-elected were Spencer as treasurer, Mary Vasil Efthymiou, recording secretary, and Mrs. Kenneth Hillen, corresponding secretary.

Randolph was authorized to select committees to prepare for this year's scholarship awards to be named a financial aid committee, a committee for screening and publicity committee. No amount was set for a number of applicants is expected this year, and the Foundation is hopeful of being able to fill the need in awarding the \$600

scholarships to a larger number of graduates.

Board members agreed that donations of any size would be welcome from individuals, groups, businesses or industries, and pointed out the contributions are income tax deductible.

Checks for the Foundation fund were made out to the Granite City Scholarship Foundation and sent to the treasurer, Robert Spiegler at his office, 2005 State street.

In other action, the board was named president, and Lacey Randolph was elected vice president, succeeding Arthur Trevis. Also re-elected were Spencer as treasurer, Mary Vasil Efthymiou, recording secretary, and Mrs. Kenneth Hillen, corresponding secretary.

SPRING-LEAVE WEATHER yesterday brought out kite fliers, tennis players, roller skaters, bowlers, car washers and Sunday riders galore. Having problems with the trail and a broken stick on their kite are Larry Libby, 5, and his brother, Charles Jr., 11, of 1628 Venice avenue. They were among other kite fliers at the Granite City senior high school fields.

Slate of Five to Oppose Madison City Incumbents

A slate of five candidates to oppose incumbent city officials filed today with filing by four candidates. The filing deadline is 3:30 p.m. today.

Those filing included Robert L. Burns, 1427 Third street, former chair of Rocks bridge, as candidate for mayor; L. R. "Pat" Patterson, 1224 Alton avenue, for treasurer; Sam Chonko, 925 Reynolds avenue, for alderman of the Third Ward; and Edward M. Amis, 1012 Grand avenue, for alderman of the Fourth Ward.

Patterson said that while the four filed as independent candidates, they will work together as a slate with Bruce Ford, 807 B Street, who filed for alderman of the Fifth Ward several weeks ago. The group could not be a ticket since it all offices open this year.

Amis has been a leading part in the recent organization of a Madison Democratic Club. Burns was dismissed from his job as a bridge engineer only in February. The bridge is owned by the city. He is now employed at the Grand Cleaners in Madison. Patterson is employed at the Maffitt Tool & Die Shop, St. Louis.

Chonko, employed at Granite City Steel Co., is now Democratic committee member of Precinct Three of Ward Three and has opposed the present administration for several years. Amis is employed at Doss Metal Products Co. and is an employee of Laclede Steel Co.

Undergo Surgery
At Local Hospital

The following are recovering at St. Elizabeth Hospital: Three of Ward Three and last night's contract expiration. The budget may be amended and the face structure may be revised.

Proposed reduced fares for senior citizens were not approved. The Board showed sympathy with the request but noted that it could not legally take such action, since it would not conform to the provisions of its trust instrument and also because of the pending recommendation of its consulting engineer.

Warriors Win Share Of State Mat Title

Granite City high school tied Reavis of Oak Lawn for the Illinois state wrestling championship Saturday at Champaign.

It was the first state title for the Warriors, who have long dominated the sport in this part of the state. The tie was the first in the 28-year history of the Illinois tournament.

Details of the achievement are on page 7.

Boilermakers Turn Down Proposal; Talks to Continue

Production continues at the A. O. Smith Corp. auto frame plant as renegotiation of a three-year proposal turned down by Boilermakers Local 575 last Thursday afternoon is to be started this week.

The membership on Thursday the Labor Temple for Thursday's meeting, and another meeting was held yesterday at 4 p.m. at the contract negotiations according to the union president, Carl Archer.

The 1000-member union voted 622 to 283 against the company's three-year offer which included pay increases spread over the next three years. Neither union nor company officers would divulge details of the proposal.

The membership on Thursday authorized the negotiating committee to call a strike at any time the contract negotiations break down. The contract which expired on Dec. 31 is being extended for a day-to-day basis. Archer said the union committee is to meet this afternoon.

Archer said that while the four filed as independent candidates, they will work together as a slate with Bruce Ford, 807 B Street, who filed for alderman of the Fifth Ward several weeks ago. The group could not be a ticket since it all offices open this year.

Amis has been a leading part in the recent organization of a Madison Democratic Club. Burns was dismissed from his job as a bridge engineer only in February. The bridge is owned by the city. Baby Killed, 4 Others in Crash Thrown to Street

Adjoining Park,
School Sites at
Mitchell Studied

Possible purchase of neighboring school and park sites in the Mitchell area was discussed Thursday night by members of the Granite City school and park boards.

No action was taken pending further study of Nameoki-Chautauk township plans showing existing residential areas, subdivisions currently planned and sections zoned for future homes.

Harold E. Bruce Mitchell, Granite City grade school principal and chairman of the site selection committee, submitted the group's report to the school board. Park President Barry Loman and Park Commissioner Milton Allen and Clarence Baumeier attended and said they will ask friends to appear at a future park board meeting.

Three Areas Studied

The need for a new grade school exists, the committee said in listing three general areas where it could be conveniently located. Other committee members are Mrs. Eva Meyer, Owen Humphrey, Edward Buznek and Donald Koop.

Park officials expressed an interest in acquiring a site outside present park district boundaries, before available tracts are devoted to non-park uses. Parks of any size up to about 30 acres would be considered, they said, so that Granite City area park needs can continue to be met despite population growth.

Specific plans will depend on further discussions, but it was stressed that park cooperation has been mutually beneficial. An example is the new Mitchell area site. However, the school campus is built on an extension of Maryville road south of Stratford road, the school campus is built on an extension of Maryville road south of Stratford road, the school campus is built on an extension of Maryville road south of Stratford road.

Construction Later

The Mitchell area site financing the half-a-million-dollar grade school included \$300,000 for the new Mitchell area site. However, the actual construction of a second Mitchell school hinges on a future referendum and was estimated by Superintendent D. Johnson as being three to five years away.

The site committee discussed areas on Old Alton road and on old Bypass 66-60, listing advantages and disadvantages. No site is being utilized entirely as a "neighborhood school," since there is insufficient population in any single area it was brought out.

A school has shown the number of pre-school children, and subdividers and contractors have been contacted. It is felt that a Mitchell area school would aid in easing overcrowding at the Maryville, Northridge and Mitchell grade schools.

It was noted that the Mitchell-Nomeki region was given primary attention in the current survey. Next site acquisition probably will need to be to the east, in the Mitchell-Stallings area, the board was told.

New Highway Bridge

Factors taken into consideration in the current survey (Continued on page 15, col. 3)

Father of Welch Infant Hurt Badly; Area Man Dies in Highway Wreck

An auto-truck crash at 23rd street and Madison avenue at 2:20 a.m. Sunday took the life of James Floyd Welch Jr., six-week-old son of Mr. and Mrs. James Welch, 2001 East 20th street. The child's father was hurt seriously.

The infant, his two young sisters and their parents were thrown onto the street from their pickup truck, which was southeast on 23rd street. It was struck in the left side by the front of a southbound auto, and was knocked toward the B. F. Goodrich Tire Co. building, breaking a large window.

Overall Quad-City traffic toll this weekend was two fatalities, 20 injuries and 34 accidents.

The baby had abrasions to the head and face and his left eye was shut and swollen when he and the seven other injured persons were taken by ambulances and police cars to St. Elizabeth Hospital. He was transferred to the St. Louis Children's Hospital, where he passed away at about 4 a.m. yesterday.

An inquest will be conducted in St. Louis.

Witnesses said the truck had the right-of-way, and police filed charges of passing a red traffic light against the driver of the auto, Joseph C. Thomas, 23, of 1701 Fifth street, Madison.

Suit Threatened

James Welch Sr., 29, had still not regained consciousness today and was in poor condition. He has an injury to the back of the head, scalp lacerations and multiple abrasions. He is owner and operator of the Granite City Auto Body Co., an auto painting and body shop at his home address, and uses the truck in his business.

All were riding in the same seat with Welch driving, their two girls asleep in the middle. James was holding their sleeping infant.

His wife, Daisy, 26, Sherry Lynn, five years old, and Mary Florine, two years old, are in fair condition today at St. Elizabeth Hospital.

Welch suffered a brain concussion, shock, a laceration to the left side of the head and abrasions and lacerations to the right arm and leg. Mary Florine Welch has a leg fracture and received chest and abdominal injuries and a broken pelvis bone, and Sherry Lynn Welch has a leg fracture and received chest and abdominal injuries and a broken pelvis bone, and Sherry Lynn Welch has a leg fracture and received chest and abdominal injuries and a broken pelvis bone.

Thomas and his two passengers, Miss Lynn Patton, 23, Afford, and Mrs. Robert D. Johnson, 24, of 2402 Madison avenue also were treated.

Thomas was admitted with right hip and pelvis injuries, while his passengers were released after treatment. Miss Patton, 23, was released with left arm injuries, and Seebold had pains in the left hip, pelvis and legs.

In addition to the truck breaking the store window at 2295 Madison avenue, Thomas' auto skidded across the street after the collision and came to a halt in the Goodrich parking lot. Both vehicles were towed from the scene.

The infant is survived by his parents, his two sisters and his maternal grandparents, Mr. and Mrs. Daisy Dean, 2332 State street. They had been visiting Mrs. Dean and were starting the trip to their home at the time of the crash.

An obituary notice is given elsewhere in this issue.

Alvin Frankle, 22, killed

Alvin L. Frankle, 22, who was killed in a head-on collision with a car, died Sunday at the St. Louis Children's Hospital. He was a resident of Granite City, from Roxana 2 months ago, suffered fatal neck and head injuries. Frankle was driving the auto in which he was riding when it was struck by a car on Route 111, hit a traffic signal standard at Route 140.

The driver, Bernard Seethaler, 28, Wood River, escaped injury but another passenger, Michael Hartnett, 20, Alton, was injured.

(Continued on page 8, col. 8)

0 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

WRAP-AROUND ACCIDENT involved an auto and pole in the 2200 block of Nameoki road. The driver, Max W. Gorrell, 27, was hospitalized Thursday night and is reported today to be in good condition. He was thrown from the auto in the crash.

GC Steel Annual Report

Record Steel Production is Predicted

Steel production should set a record in the first three months of 1967, if not interrupted by a strike, Nicholas P. Veeder, president and chairman of the board of Granite City Steel Co., said Friday in the company's annual report for 1966.

Veeder cautioned stockholders: "Fabricators have been increasing their inventories of steel. The inventory buildup during the first half added to that which took place in the last months of 1964 may lead to a corresponding decline in second half demand for steel if there is no strike."

As announced earlier this year, sales and earnings were up substantially over 1965. Granite City Steel's 1966 net income was \$14,000, or \$2.55 per share of common stock, an increase of 35% over the previous year's net income of \$8,722,000, or \$1.55 per share. Net sales for 1966 were \$181,256,000, an increase of 15% over sales of \$157,167,000 in 1965.

\$50,424,000 in Wages

The annual report disclosed that Granite City Steel in 1966 paid a total of \$50,424,000 in wages, salaries and other benefits, 8% more than the 1965 total of \$46,672,000. The average number of employees increased to 5,382 in 1966.

There was an increase of 16 cents per hour in the company's employment costs for hourly workers in 1966, the annual report stated, "in large part as a result of the enlargement of the supplemental vacation plan."

Man Working Out Fine

Walter Lee Creek, 30, of 1437 Madison avenue, was fined \$25 and costs on each charge of intoxication and disorderly conduct Friday and was ordered by Magistrate Gasparovic to work 10 days for the city in lieu of payment, starting today. He was arrested at his home at 6:05 p.m. Thursday.

Slush Causes Crash

Robert D. Rutledge, 2508 Benton street, lost control of his car while running through a large pile of slush at 2242 Adams street and struck a car owned by Thomas A. Sparks parked at the curb in front of his home at 1:50 p.m. Thursday. The front of each auto was damaged.

established in the 1962 labor contract. The firm in the past several years has invested tens of millions of dollars in plant improvements to achieve lower costs in processing raw materials and overheads, and has moved its main position in the metropolitan area, the Mississippi Valley and the southwest.

Significant Progress

The company has made significant technological progress and is now in a position to follow up with a series of important capital improvements starting this year and continuing through 1967 as was recently announced in a \$140,000,000 expansion modernization program.

When the program is completed, Granite City Steel will be using the most efficient, technologically advanced facilities available for an unusually high proportion of the manufacturing process involved in making steel and producing flat rolled steel products," the report stated.

The expansion-modernization program includes basic oxygen furnaces which produce steel more rapidly and economically than open hearth furnaces and will give the plant 30% more steelmaking capacity. The new furnaces are to be located in the "behind-the-mill" area east of Omaha street, where the mill has acquired a large tract.

In the process, an exothermic reaction occurs as pure oxygen combines rapidly with the carbon, burning off carbon in the form of carbon monoxide and carbon dioxide.

Most Costly Facility

The most costly facility in the three-year program will be a computer-controlled hot strip mill driven by 105,000 horsepower and equipped with the most advanced systems for temperature, width and gauge control. The company's existing 28,000 horsepower hot strip mill will be removed once the new mill is broken in. The new 80-inch-wide mill will be one of the world's fastest and most powerful with 11 rolling mill stands. It will be located along Madison avenue and will be 1817 feet long, breaking the length of a football field.

Also to be installed at the mill is another continuous galvanizing line to supplement the production of zinc-coated steel products by two other galvanizing lines. The new line will be similar to the 874-foot continuous line installed several years ago, but it will be designed to handle a lighter range of gauges and will be able to provide inline annealing or heat treating, thus eliminating a separate operation.

The market for galvanized steel products has almost doubled in the last 10 years.

Iron Ore Mine

In addition to the steel mill and Hanna Mining Co. last year joined forces to develop an underground iron ore mine at Pilot Knob, Mo., with Granite City Steel to purchase 750,000 tons of iron ore pellets a year. This will provide about half the steel mill's iron ore requirements and will enable the company to again increase blast furnace capacity to meet the requirement created by the move to oxygen steelmaking.

\$23,140,000 Local Taxes

The annual report pointed out that Granite City Steel's taxes in 1964 "included \$23,140,000 in real and personal property taxes for the public schools, city and county governments and other local tax-sponsoring bodies which share the tax revenues obtained from the townships in Madison county. Granite City Steel is the largest single taxpayer in Madison county."

Granite City Steel, largest taxpayer in Madison county, is located in the Metropolitan area, manufacturing plates, sheets and other flat rolled steel products, including galvanized sheets and tin plate.

Mrs. Mary Brackett Carrington, 65, Dies

Mrs. Mary Brackett Carrington, 65, Rural Route 2, Caryville, a former Granite City resident, died at 3:25 p.m. Saturday at St. Elizabeth Hospital, where she had been a patient 25 days.

Born in Jasper county, Ill., she moved from Granite City to the Maryville area 17 years ago. She was a member of the Baptist church and formerly worked at Stamping Co. plant.

She is survived by her husband, William Carrington; two daughters, Mrs. Thea Sperry, Newton, Ill., and Mrs. Ella Joyce, Granite City; two sons, Doyle Brackett and Leiland Brackett, both of Granite City; two sisters, Mrs. Ora Sparks, Hanchuan, Mo., and Mrs. Loretta Mahaley, Wheeling, Ill.; six grandchildren and one great-grandchild.

Funeral arrangements are given in the obituary column.

Two Fires on Friday, Smoke Fills One Home

Granite City firemen answered two alarms Friday morning, including one at 9:40 a.m. at the brick home of Louis Grotz Jr., 3245 Colgate place, where a skillet left on a hot burner caused smoke damage throughout the house, burned an exhaust fan, blistered the kitchen walls and cracked the furnace top on the stove. The amount of damage was not estimated.

At 12:55 a.m. firemen were called to the home of Wilma Orr, 1819 Spruce street, where a furnace transformer shorted. Damage was set at \$25.

CANDY STRIPPERS ALSO ARE BOYS—Among those at St. Elizabeth Hospital are, left to right—Roger Matthews, Louie Rodgers, Scott Worley, Roger Russell and Angelo Blason, who were honored at last week's recognition tea. The Candy Strippers' volunteer group accumulated 11,871 hours of service at the local hospital within the past 12 months.

Winfred Hefner, 43, Dead; Pistol Nearby

Winfred R. Hefner, 43, a Bi-State Transit System driver and former operator of Shorty's Place, 2061 Hildebrand avenue, Cloverleaf Addition, died of a bullet wound to the head at 9:10 p.m. Saturday at his living quarters in the tavern building. James Majors, who had been leasing the establishment from Hefner for the past two months, was repairing air-conditioning equipment at the tavern when he heard a shot. Investigating, he found Mr. Hefner lying on the floor with a nearby-fired pistol nearby, he told the Press-Record.

An inquest will be conducted by Deputy Coroner Francis Lahey. There were no notes, and Mr. Hefner, who lived alone, had been in apparent good health. An investigation was made at the scene by sheriff's deputies.

Survivors include his mother, Mrs. Nellie Weston, and stepfather, John Weston, of McGee, Mo. He was taken to a Puxton, Mo., funeral home, and services took place at 2 p.m. today, with burial at McGee.

Short Illness Fatal to Mrs. Mary McLeskey

Mrs. Mary Ellen McLeskey, 63, of 4364 Route 162, passed away at Barnes Hospital, St. Louis, at 10:45 a.m. Saturday. She had been taken there after becoming ill 10 days earlier.

Born in Union parish, La., Mrs. McLeskey moved here eight years ago and was formerly a resident of Arkansas. Her husband, D. W. McLeskey, died eight years ago.

She is survived by a sister, Mrs. Ellen Crawford of Houston, Tex. Funeral arrangements are given in the obituary column.

Roy Sam Ponce, 61, Venice, Passes Away

Roy Sam Ponce, 61, of 729 Broadway, Venice, a painter with Swift & Co. for 35 years, died at 3:25 p.m. Saturday at St. Mary's Hospital, East St. Louis. He had been a patient there one day, he had been ill two months.

A native of Convent, La., Mr. Ponce was a Venice resident 35 years. He was a member of St. Mark's Catholic Church.

He is survived by his wife, Marie; two sons, Roy Peter Ponce, Granite City, and Lawrence James Ponce, Troy, Ill.; a brother, Carl Ponce, Venice; two sisters, Mrs. Steve (Margaret) Ponce, East St. Louis, and Mrs. Vita Rockafort, Garyville, La.; and four grandchildren.

Funeral arrangements are given in the obituary column.

Two Fires on Friday, Smoke Fills One Home

Granite City firemen answered two alarms Friday morning, including one at 9:40 a.m. at the brick home of Louis Grotz Jr., 3245 Colgate place, where a skillet left on a hot burner caused smoke damage throughout the house, burned an exhaust fan, blistered the kitchen walls and cracked the furnace top on the stove. The amount of damage was not estimated.

At 12:55 a.m. firemen were called to the home of Wilma Orr, 1819 Spruce street, where a furnace transformer shorted. Damage was set at \$25.

Man Working Out Fine

Walter Lee Creek, 30, of 1437 Madison avenue, was fined \$25 and costs on each charge of intoxication and disorderly conduct Friday and was ordered by Magistrate Gasparovic to work 10 days for the city in lieu of payment, starting today. He was arrested at his home at 6:05 p.m. Thursday.

Slush Causes Crash

Robert D. Rutledge, 2508 Benton street, lost control of his car while running through a large pile of slush at 2242 Adams street and struck a car owned by Thomas A. Sparks parked at the curb in front of his home at 1:50 p.m. Thursday. The front of each auto was damaged.

Mrs. Evelyn Dickey Cancer Victim at 45

Mrs. Evelyn Lucille Dickey, 45, of 220 Granville street, Venice, died in St. Elizabeth's Hospital at Bellevue at 8:15 p.m. Thursday. She had been ill for the past year and had been in the hospital for the past 15 days. Death was due to cancer.

Mrs. Dickey was born in Venice and had been a lifetime resident of the community. She was a member of St. Mark's Catholic church and a member of the Ladies Democratic Club of Venice.

She is survived by her husband, John Dickey; a daughter, Mrs. Paul D. (Patricia Ann) Bokjovsky of Madison; a brother, George Fields of Bellevue; two sisters, Mrs. William (Audrey) Weidner of Venice and Mrs. Louise Williams of Haywood, Calif.; her mother, Mrs. Myrtle Fields of Venice, and two grandchildren.

Funeral arrangements are given in today's obituary column.

Burned Downtown Business Building Ok'd for Razing

A permit to raze the two-story commercial building at 1316 Niedringhaus avenue across from the old post office has been issued to banker Henry Karandjef by Paul Blumenthal, building inspector.

The building was gutted by fire last November. The razing is to cost \$6000. G. H. Sternberg is the contractor. Plans are being made to replace the structure.

Another permit was issued last week to Gary's store, 1205 Nineteenth street, for remodeling and alterations at a cost of \$10,840. Plans call for relocation of a basement stairway, underlaying floor, a new tile floor, new electric wiring and general repairs. Sternberg is the contractor.

The Granite City park district obtained a permit to alter and install a new road at the Community center, 822 Niedringhaus avenue, \$1800.

Clyde Tyler, 2081 Fourteenth street, was issued a permit to rebuild his fire-damaged house at a cost of \$5000. An \$8000 addition to an original permit which set a \$14,000 value on a new house was set for Herman Schroeder, 35 Del Rio avenue.

Allied Arts Seminar At SWIU Thursday

Leon Karel, director of a unique allied arts program at Kirkville, Mo., State Teachers College, will conduct a seminar at Northwestern Illinois University's Alton Center at 8:15 p.m. Thursday.

The seminar, titled "Allied Arts in the Secondary School," is expected to draw teachers of English, music, art and theater, principals, superintendents, and school board members interested in the Kirkville curriculum.

Karel's program combines the teaching of his subjects in the allied arts. With Kirkville, he is offering the only such program in the state. Karel holds the position of director of the Missouri State Department of Education.

In the foreground of the seminar on allied arts education, Herbert Wheeler, Missouri Commissioner of Education, will be the keynote speaker. "The course, Allied Arts, is not a performance course, but instead is intended to enhance all of the arts and crafts, allowing the student to become acquainted with the various components that comprise the world of art, how the arts are related, and how they differ, and the processes of creativity."

FUTURE OF AGRICULTURE discussed by expert panelists and local farm and business leaders at the 19th annual Business Industry Agriculture banquet Thursday night at the Granite City high school cafeteria. They are, left to right—Morris W. Reid of the J. I. Case Co., Racine, Wis., moderator of the panel; Otto H. Romann, chairman of the agriculture committee of the Tri-Cities Chamber of Commerce which sponsored the event; Paul C. Johnson, vice-president and editorial director of the Prairie Farmer; Eldon B. Colegrove, state director, Farmers Home Administration, U.S. Department of Agriculture; and Carl E. Mathias, C. of C. president who served as toastmaster. Another panelist, Warren E. Collins of Chicago, assistant director, commodity division, American Farm Bureau Federation, arrived late for the event because of weather conditions.

At Annual B-I-A Banquet Shift from Price Support Program Told to Farmers

The federal government will shift away from price controls and supports for farmers and will lean in the direction of agricultural welfare, aiding farmers in need, it was predicted by a panel of experts at the 19th annual Business-Industry-Agriculture dinner sponsored by the Tri-Cities Chamber of Commerce Thursday night at the Granite City high school cafeteria.

Paul C. Johnson of Chicago, vice-president and editorial director of the Prairie Farmer, told more than 200 persons attending that farmers on the whole will approve of a change away from price supports, but that if farm income falls, "we will have more minimum supports beamed at the older people and those unable to pull up stakes and move to town."

He said the federal government is switching its emphasis to poverty alleviation, providing development credit to those who cannot obtain bank loans and setting aside more farm land for other purposes, including water conservation, industry and suburban development.

Describes Farmer Johnson described a farmer as one who has gross sales of at least \$10,000, but he said half of the more than three million farmers have gross sales of \$2500 or less per year. "This is not really a farm," he said. The average farm represents an investment of \$100,000 to \$150,000, he added, and "a farmer himself is a substantial business man."

Commenting on "Needs of Government Controls in Agriculture," Eldon B. Colegrove of Champaign, state director of the

No Campaign Promises He added one bright note. "We have something in our favor we haven't known in my time. We had a presidential campaign with no commitments to agriculture. This was favorable. Previous administrations tried to fulfill ridiculous promises made in the heat of campaigns. This leads us toward greater optimism toward government legislation on agriculture."

Moderator for the panel discussion was Morris W. Reid, vice-president, marketing, J. I. Case Co. of Racine, Wis., who noted that farmers are feeling more and more people and this will be a great challenge in the future as the world population continues to grow.

He said that agriculture is being portrayed as a declining industry and it is difficult to draw young men into the field. He said it should be referred to as "agribusiness," and that improvements should be made in the field of public relations.

 City

Trash and Garbage Expected to be Topics

Granite City council members are expecting tonight to hear proposals from firms making plans for turning trash-garbage incinerators as well as bid specifications for new proposals for the city's collection of trash and garbage.

More debate is anticipated on the proposed \$50,000 drainage project to serve 23rd street and Cleveland blvd and also for the removal of old trolley tracks on 23rd street between State and Adams streets and along at least a portion of Adams street.

The amount had been set up in the current budget, but at last Tuesday night's meeting several aldermen blocked approval of a bid call, pointing out a portion of the total cost could be borne by motor fuel taxes rather than the entire project to be financed with city sales tax or parking meter funds.

Resolutions submitted last week to cut the cost of monthly sewer rental fees for public and parochial schools in the Namekiki area for \$40-\$60 a month to \$6 to \$12 and setting a \$1.25 per unit monthly sewer fee for large apartment houses are to be re-submitted tonight. Action on the school fees resolution was deferred, while the apartment rental fee resolution went on first reading.

If the resolutions are adopted,

K. C.'s Confer First Degree on New Members

Ten new members were initiated into the first degree of the Knights of Columbus at a meeting of Tri-City Council 1058 Thursday night. Two others were re-initiated.

Second and third degrees of the order are to be conferred at a date to be announced later.

The new members are Dr. John R. Vasiloff, 2006 Cleveland blvd.; Philip Boyer, 1561 Roger avenue; Bernard Dixon, 1240 Olive street, Venice; Earl Schilling, Rural Route One; Leonard Gnojowski, 1610 Fifth street, Madison.

Joseph Lesh, 2262 Iowa street; Frank Ortiz, 1801 Maple street; Ronald Lentz, 2201 Delmar avenue; Leonard Carter, 2828 Lowell avenue; George A. Smolard, 2601 Center street; and Robert Lombardi, Re-instated were Paul Schuler, 3241 Wayne avenue; and Stanley Krakowicki, 832 Greenwood street, Madison.

Installing officers were Albert Sanders, grand knight; Henry Pieper, deputy grand knight; William Boerckel, chancellor; Fred Tritschler, warden; and Ed Lenzi, financial secretary. A lunch and refreshments were served after the meeting.

Woman Seeks Probation

Diane Poe, 21, of 3002 West 37th street, was arrested about 2 p.m. Thursday on a shoplifting charge after walking out of Fleishman's Men's store, 19th street and Delmar avenue, carrying a \$7.95 pair of trousers under her arm. She pleaded guilty.

Friday morning and Magistrate Gasparovic took the case under advisement for 30 days.

Young Driver Fined \$10

Ernest A. Karandjef jr., 17, of 3241 Wayne street, was fined \$10 and costs on a careless driving charge by Magistrate Gasparovic.

He was arrested Feb. 15 after his auto struck a car in a driveway and ran into a house at 3245 Felling road.

State Sells 3 1/2 Million Trees to Farmers

About 3 1/2 million trees and shrubs have been purchased from the state nurseries for planting on farms this spring, the Illinois department of conservation announced this week at Springfield.

Hardwood trees, pines and shrubs are sold by the forestry division for wildlife cover, field shelter belts, soil erosion control, Christmas tree plantations and building up native timber stands.

Planting stock from state nurseries may not be used for windbreaks around homes or for ornamental or shade tree plantings.

Order blanks and price lists may be obtained from county agricultural offices, farm foresters, conservation officers, the central office of the department of conservation, Room 102 State Office Building, Springfield.

Five-Day Regional Tourney Opens Here Tonight

Collinsville's Kahoks, favored to win the championship, open the Granite City regional prep basketball tournament at 7 p.m. tonight against the Roxana Shells.

The second game, starting about 8:30 tonight, matches the Alton Redbirds and Venice Red Devils. Tomorrow night, the first round continues with Wood River's Oilers against the Madison Trojans and Edwardsville's Tigers against the Granite City Warriors.

Semifinals will be held Wednesday and Thursday nights, with the championship game on Friday night. (See tournament bracket on this page.) Collinsville, ranked No. 8 in the state, upset its record to 21-2 Friday by defeating No. 12 Quincy 44-63. Coach Verzil Fletcher's Kahoks are two-time defending regional champions. Led by all-star Rodger Bohmstedt, they beat Edwardsville 87-61 in last year's final and Alton 78-55 in the 1963 title game. Their record and improvement during the current season dictate their selection as favorites once more.

Not Shoo-ins
Andy Sullivan, coach of the host Granite City Warriors, isn't convinced that the Kahoks are shoo-ins. He figures they'll beat Roxana tonight but forces a possible stumbling block in the semifinals. "They'll have problems if Alton wins and they'll have problems if Venice wins," he said.

In addition to their two latest regional titles, the Kahoks were involved in the three previous championship games. Don Freeman's 35 points led Madison's super 1962 team to an 83-44 win over the Kahoks. It was Collinsville's most lopsided loss in 11 years.

The Kahoks topped Granite City 55-45 in the 1961 finale here, but the Warriors had beaten them 72-63 the previous year at Collinsville. Fans probably remember that 1960 tourney by a 15-inch strawfall and a broken glass backboard that forced postponement of the Collinsville-Edwardsville game.

The last time Collinsville wasn't involved in a regional championship game was 1959.

when Madison edged Wood River 72-71. The Kahoks were eliminated 72-72 by the Oilers in the semifinals.

At the start of this season, Collinsville's prospects of carrying on a winning tradition were a bit dim. There was only one returning regular, guard Jack Darrington. The Kahoks got off to a slow start, winning most of their games by close margins and losing two December contests.

13 Straight Wins
But in the last two months, they've won 13 straight. Top scorer is 6-3 senior Dennis Pace, averaging 23.5 a game. He generally has well-balanced backing from 6-4½ Mike Vincent—6-3 Harry Parker, 6-2 Don Birger and 6-1 Darrington. Their success has lifted coach Fletcher's 19-season record to 44-3 wins and just 97 losses.

A brief look at the other tournament teams:

ROXANA (8-14)—Horn Edwards, the former Alton coach, has lifted the Shells from the doldrums of a 2-21 season but their play has been erratic. For

example, they've upset teams like Edwardsville (78-74) and Triad (57-46) but have lost to some of the area's weaker teams. Paul Cruse, 6-6 Alton, Midwestern Conference football player, has averaged 16 points a game and 6-5 junior Ed Harvey has hit at a 12-point clip. A surprise of late has been Bill Leugacher, 6-6 junior.

ALTON (7-15)—Missourian Ralph Sterrett, who replaced Edwards, got a rough reception in the Southwestern Conference. His team won just four of 12 games. But when the Redbirds are hot, they're hard to stop as second-place Belleville, a 61-58 victor, knows well. A combination that frequently elicits is 6-4½ senior Larry Jeffries, who has a 15.5 average, and scrappy left-handed Fred Taylor, who scored 19 points in the team's last win over Granite City. Tall center is 6-4 Bernie Pitts.

VENICE (20-4)—The Red Devils won a senior on the team, have won three tournaments and tied for the MCM Conference title. Venice's backcourt is made up of 6-2 weak left knee and recently suf-

fered a sprain to the right ankle. He and shifty guard Dale Turner (19-point average) have headed the offense in this up-and-down season. Bob Fouts, Mike DeVong and Ron Hart have also shown scoring ability.

WOOD RIVER (20)—The Oilers will have the tallest team here. Coach Bob Horton makes liberal use of 6-6 Jerry Harrison, 6-5 Mike Brown, 6-4 Jim Bailey—all juniors—and 6-4 Wayne Heine, a senior. The team's top scorer is 6-6 Terry Brown, with a 21-point average. Heine hits at a 14-point clip and Harrison averages 13 per game. Though Wood River fans hoped their team could stop Collinsville in the Southwestern Conference, the Oilers tied Edwardsville for third with a 7-5 record.

Lusk's Legs Factor
MADISON (11-12)—Paul Lusk, a Southwestern foe in the tourney, their chances for the title appear slim. But they'll have the home court advantage and could be inspired by the last

chance to prove themselves. The team has rarely been badly trounced and, indeed, came close to 7-74 the state's top team, Collinsville, Pekin and Quincy. Sullivan has shuffled eight players, regularly with little Vince Debevoise and big Joe Grohowski as the most consistent.

Tickets, at \$3.25 each, will be on sale at the door for the tournament. Fred Brenzel, Staunton, and Clyde Cole, Greenfield, will be the officials.

The tournament winner advances to the Wood River sectional along with winners at the Cahokia, Carrollton and Staunton regionals.

Essington Sparks 58-46 Triumph; Madison Loses, Granite City Wins

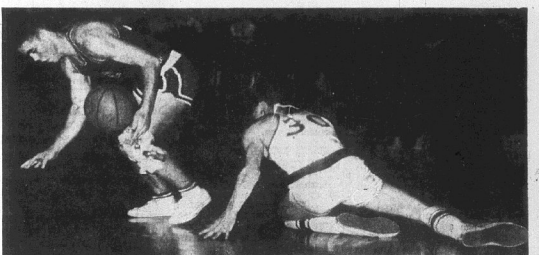

Coach Bill Ohlendorf continues to treat Venice high school basketball fans to rare basketball goodness. Last season, the Red Devils won their first conference championship since 1954. Now they've won their first district tournament title since 1941.

The Devils defeated Alton Marquette's Explorers 58-46 Friday night at Venice to secure a spot in the Granite City regional. They play the Redbirds at 8:30 tonight. Venice played only one game in the district—the state's smallest, with three teams.

In other pre-regional action, the Madison Trojans lost in the final seconds to Belleville's Maroons 58-56 Friday night and the Granite City Warriors led all the way to defeat the Shelbyville Rams 74-69 Saturday night. Both local teams played at home.

"Twenty-four years ago today, March 1, 1941, the Devils defeated Breese 36-24 in the district final at Venice to the amazement of everyone," the Press-Record noted. The team had won just three of 17 previous games and most fans expected Venice to be "annihilated."

But, led by Rod Bauer's 13 points, the small but speedy Devils pulled an upset. Others who scored against Breese were Roy Bennett (19), Art Britt (5),

By Press-Record Staff Photographer

MOMENTARILY WINNING battle for possession with Venice's Rich Essington (30) is Marquette's Terry Peak late in the first quarter of the district championship. Essington, however, was rarely on the losing end in the game as he scored 23 points, recorded 14 assists and played outstanding defense.

The Devils, a bit tense at the outset, had trouble with the underdog Explorers in the first half. They trailed 15-14 with 20 seconds left in the first quarter but vaulted to an 18-15 edge on buckets by Dillon and Block.

Ron Holman's Marquette team battled back in the second quarter and went ahead 30-29 at intermission. The Explorers lost their way, however, in the third quarter. They managed only four points (the last two in the final seconds) while the Devils hit 13.

Third quarter score: 42-34. In the last period, the Alton team could get no closer than nine points. The Devils made 10 of their 16 free shots in that quarter; the Explorers made only eight in the game and none in the second half. Press-Record statistics show both squads took 49 shots from the field—Venice hitting 43% and Marquette 38%.

Marquette won the tournament opener Thursday night by defeating the Levee Wildcats of Brooklyn 70-65. Eckhouse, Beeler and Butch Jim scored 14 each in the victory while Cornell Bailey hit 25 for Levee.

Late Shot Falls

The Madison Trojans led the favored Maroons 43-38 after three quarters Friday night, due primarily to the hot shooting of Paul Lusk who flips in 25 points. He was held to six points in the last period as the Maroons outscored Madison 18-12.

Belleville took the final two-point lead in the closing seconds. In the last second, a desperate 40-foot shot by Lusk missed the mark as the Trojans tried to take the Maroons into overtime.

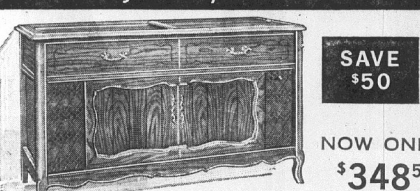

Coach Earl McLanahan lauded the Trojans' performance, noting that lack of outside shooting and consistent rebounding were the main drawbacks.

Andy Sullivan was well-pleased, too, with his team's performance against Shelbyville. His main reservation was free throw shooting—the team made just 10 of 23 shots. Joe Grohowski scored 20 and Bill O'Neill had 19 for the Warriors while Gary Russell hit 19 for the Rams.

In junior varsity games, Belleville beat Madison 49-39 and Granite City topped Shelbyville 72-64. High scorers were Alton Rendell of Madison with 12 and Bob Malotki of Granite City with 22.

Granite City, Reavis Score 31 Points Each in Mat Finals

WARRIORS ARE STATE CO-CHAMPIONS

After years of dominating Southern Illinois wrestling, the Granite City Warriors have hit the top — the state championship.

The Warriors scored 31 points in the two-day state tournament which ended Saturday night before 3000 fans in Huff Gymnasium at the University of Illinois in Champaign. The Reavis Rams of Oak Lawn, a Chicago suburb, also scored 31 points — marking the first time in the meet's 28-year history that two teams have shared the title.

"They tied us, we had our 31 points first," said happy coach Bill "Red" Schmitt. The Warriors did it without having an individual champion, only the third time that has been done. Provost of Maywood in 1939 and Champion in 1941 were the other teams to win without a state champion.

Granite City had two runners-up. Bill Fuchs, 95 pounds, was defeated 3-0 in the championship bout by Tom Ruzicka of Riverside-Brookfield. Steve Cavanaugh, 112 pounds, lost in the final round to successful defending champion Bob Shines of Waukegan.

Waukegan, champion the previous two years, finished third with 29 points. Next were Decatur 27, New Trier 23, Riverside-Brookfield 23, Peoria Richwoods 19, Grant of Fox Lake 17, York of Elmhurst 17 and Rockford East 16.

Deciding Bout

Reavis tied Granite City when 133-pounder Chet Mirus defeated DeKalb's Jim Dayton 11-3 in their championship bout. Going into the finals, Granite City held a 29-28 lead.

Here's what happened: Reavis's Ron Balliera (103) lost his consolation bout and Rich Bledsoe of Granite City won his — capturing third place with a 5-2 win over Eli Carr of Proviso. His victory put the Warriors ahead 31-28. Then Fuchs and Cavanaugh were defeated but Shines' win over Cavanaugh lifted Waukegan into second place. At that point, the scores were Granite City 31, Waukegan 29, and Reavis 28. The leading teams were finished but Reavis still had two contenders.

Reavis' 127-pounder Rich Wood lost the championship 4-2 to Rockford East's Dan Verneti, but Mirus won to create the 31-31 deadlock. By the flip of a coin, Reavis took the first place trophy and Granite City was awarded the second place trophy. A duplicate first place award, however, will be forwarded soon to the GCHS.

In advancing to the final round, Fuchs defeated Mike Levin of Homewood of Bloomington 3-0, Bill Kilar of Medinah Lake Park 1-0 and Eric Pierce of Peoria Richwoods 3-0. Cavanaugh downed Joe Neer of West Landon 8-2, Sam

ACCEPTING TROPHY for co-championship of Illinois high school wrestling are members of the Granite City delegation to the Champaign tourney. From left, are: Athletic director Dick Yates, assistant coach Larry Burckhardt,

head coach Bill Schmitt, 95-pound runner-up Bill Fuchs, 112-pound runner-up Steve Cavanaugh, 120-pound third-placer Rich Bledsoe and 138-pound entrant Jim Valicoff. Valicoff is wearing blazer which GCHS teams wear on trips.

Camping on Increase in State Park Areas

The fastest growing activity more out-of-staters (111,004), at Illinois state recreational Every state in the union was represented by campers in Illinois, with Indiana having 14,474, Ohio 12,407, Iowa 11,822, Michigan 10,809 and Missouri, 9292. An 18% gain in camping was recorded for 1964 with 434,879 campers registered, compared Illinois had the least number, 71 with 383,401 in 1963. The largest Many foreign countries were represented, with Canada having Illinois but there were 7,635, 3076.

Seven Teams in I-C Loop

Seven teams are entered in the Inter-City Baseball League after a meeting yesterday at Maryville. Teams entered are Foxhollow, Troy, Maryville East St. Louis St. Clair Heating, Collinsville and two Granite City clubs — Sacred Heart and Mercer Normal Home. An eighth team is being sought.

Tennis Player Bob Buente Returns to Bradley Squad

Bob Buente of Granite City is one of two lettermen returning to the Bradley University team this season. Buente had a 2-2 record in singles competition last year.

The other returnee is Doug Ivers, Peoria, who was 12-8 in '64.

Johnson of Proviso 8-5 in overtime and Ron Brown of Savanah 7-2. Bledsoe advanced by defeating Roger Anzolin of Lockport 6-1, Danny Naylor of Reavis 7-1—a key victory at it turned out. He then was pinned in 6:59 (overtime) by York's Bob Bien, the eventual champion, then topped Mundelein's Scott Clark 5-3.

Four Other Entries

The Warriors sent four others to the state meet. Rich Grizzard (133) lost his first bout 7-2 to Kewanee's Gary Pearl and Jim "Bugsy" Valicoff (138) lost his first duel 4-1 to Evanston's Newton Champion.

Gary Forshee (180) won his first encounter over Don Wintersteen of Joliet West 4-0, but lost his next 5-0 to Hinsdale's Mike Pera.

Heavyweight John Evenden fell just short of reaching the consolation finals. He defeated Mike Pikey of York 11-2, pinned Rock Island's Jim Ortiz in 9:55, then lost to Mare Goldman of Evanston 10-1 and Gary Bond of Lockport 9-4.

Individual champions not mentioned previously were: Don Joseph (163) of New Trier, defending champ Steve Weiler (138) of Fox Lake, Seth Norton (145) of Palatine, Ben Cooper (154) and Aaron Holloway (165) of Decatur and Tony Gessky (heavy) of North Chicago, Decatur, which advanced along with Granite City from the Wood River sectional, was the only school with two champions.

"These boys went up there with one idea—do something and win the championship if possible," said Schmitt. "They showed great desire and determination. I'm real proud of them."

The team returned to the high school yesterday afternoon, greeted by the band, school officials and a large number of fans.

CHAMPIONSHIP BOUTS

95 pounds—Tom Ruzicka, Brookfield Riverside, defeated Bill Fuchs, Granite City, 3-0. 103—Dan Joseph, Winnetka New Trier, defeated Garry Malchi, Champaign, 9-2. 112—Bob Shines, Waukegan, defeated Steve Cavanaugh, Granite City, 4-1. 120—Bob Ben, Elmhurst York, defeated Dean Ohl, Peoria Richwoods, 4-2. 127—Dan Verneti, Rockford East, defeated Rich Wood, Oak Lawn, 5-2. 133—Chet Mirus, Oak Lawn Reavis, defeated Jim Dayton, DeKalb, 11-3. 138—Steve Walter, Fox Lake Grant, defeated Ray Mongan, Sterling, 15-4. 145—Seth Norton, Palatine, defeated Barry Cook, Winnetka New Trier, 16-2. 163—Don Cooper, Decatur, defeated Otto Zeman, Riverside-Brookfield, 16-5. Aaron Holloway, Decatur, defeated Don Stroud, Midlothian Bremen, referee's decision. 180—Gary Pluff, Belvidere, pinned Carter Howell, Chicago Hidden Tech, 1-39. Heavyweight—Tary Gessky, North Chicago, defeated Mark Goldman, Evanston, 8-1.

McKinley Bridge won the Classic League playoff championship yesterday by defeating Barton Auto Sales 75-54. Dave Hyslop scored 28 and Rich Williams 21 for the champs while Bob McKelvey's 24 and Bob Page's 10 paced Barton.

In the semifinals, McKinley downed Schlitz 80-70 and Barton beat Bowland 71-58. Top individuals were Hysko with 27 for McKinley and John Dingworth, 24 for Schlitz.

Second Baptist won Church League playoffs Friday night, topping Third Baptist 59-43. High scorers were Jack Haug (17) and Rich Franklin (16) of the losers.

Third Baptist upset season champ St. Joseph, 45-43, and Second Baptist edged Trinity Tabernacle 51-47 in the semifinals.

In first round Classic League games Thursday, scores were: McKinley 50, Rozczyk 48; Schlitz 74, Bowler 66; Bowland 97, A. H. Seebold 56; Barton 67, Plaza Pizza 66.

Soccer Tournaments Planned

Soccer tournaments for Bantam and 2nd Year Atom teams from Granite City and other communities are planned starting March 20 by Ruben Mendoza, YMCA Soccer League director. He also announced one additional team is needed for the League's 1st Year Atom lineup (ages 7-8) and that play in the Midget Division will open Saturday.

Baby Killed

(Continued from page 1.)

hurt seriously and was admitted to St. Joseph's Hospital, Alton. Born in South St. Louis City, Nob. Mr. Frankie attended Rosanna schools and was in the Navy for four and a half years, serving on the USS Klondike before being discharged in December 1963. He was employed by the National Marine Service.

Survivors are his mother and stepfather, Mr. and Mrs. Robert Burton, Route One; a sister, Mrs. Terry Lackey, Wood River; and his maternal grandparents, Mr. and Mrs. Guy Macklem, South Sioux City.

Services will be held at 1:30 p.m. Tuesday at a Wood River funeral home, with burial at Wards Cemetery, South Foxana.

4 Granite Citys Hurt
Four Granite City residents, three of them children, were injured in a two-car collision at Route 137 and Belline 40 near Collinsville at 8 p.m. Sunday.

Illinois State police said the accident occurred when a car driven north on Route 137 by Gary Thomson, 53, of Collinsville, made a left turn and collided with one driven by Edwin Rose, 24, of 2258 Washington avenue.

Police listed the injured as Mrs. Helen Rose, 27, and child, Victor, 7, Tammy, 1, and Teena, 4, and reported they were taken to St. Elizabeth Hospital. Mrs. Rose was admitted for further treatment. The children's injuries were reported to be minor.

Max W. Correll, 27, of 521 Fleming road, was admitted to St. Elizabeth Hospital after his car, wrapped around a utility pole at 10:55 p.m. Thursday at 2322 Nameoki road. He suffered a two-inch cut about the right side, right leg and left knee. Correll is a Union Electric Co. employee.

The accident report showed he was thrown from the car against a dirt embankment across the sidewalk to the right of where the auto stopped. The entire right side was damaged. A witness told police the Correll auto had passed him at a high rate of speed at the blast furnace plant.

Owen J. Hanson, 37, of 2314 Delmar avenue was hurt shortly after midnight Sunday morning when his southbound motorcycle hit a traffic barricade on Madison avenue at 19th street. Due to a sewer line installation, a traffic barricade must make a right turn at that point.

He was treated at St. Elizabeth Hospital for abrasions to the left arm and elbow, left knee and hip.

Michael Watson, 9, of 1832

Sixth street, Madison, suffered injuries at 12:40 p.m. Sunday when he rode his bicycle into the side of an automobile at the east end of an alley in the 600 block of McCambridge avenue in Madison.

Laverne L. Kamadulski, 38, of 1829 Second street, Madison, driver of the car, told police he was waiting for the traffic to clear to make a right turn into McCambridge when the boy rode his bicycle from the south into the right side of his auto. The car was not moving at the time.

The boy was taken to St. Elizabeth Hospital by his grandfather, Fred Trebing, 1824 Sixth street, was treated for abrasions and released.

Benjamin Davis, 21, Granite City, Army Depot, was treated at St. Elizabeth Hospital for injuries to both ankles Sunday afternoon after the car he was driving struck a parked car in the 300 block of Mercedosa street in Venice. Police said Davis, driving an Army Depot vehicle, collided with the parked car of Versie McKimney of St. Louis at 4:10 p.m. Davis, who was headed north on Mercedosa, said his brakes locked, causing his car to skid into the McKimney car which was parked on the west side of Mercedosa, headed south.

At 11:15 a.m. in the eastbound lane on Nidringhaus avenue at Delmar avenue at 5:15 p.m. Friday damaged the front of the auto of Laverne Voss, Breese, Ill., and the rear of the car of Frank Fisher, 47, YMCA, who suffered slight injuries. Fisher said he had slowed for traffic.

Charles E. Simpson, 42, Kansas, Ill., was arrested for driving without a valid license after his vehicle collided with an auto operated by Harry H. Odom, Collinsville, at 9 p.m. Friday in the 600 block of Madison avenue. Mr. Simpson was being brought south when his pickup truck struck the rear of the Odom car.

A passenger in Odom's car, Margaret Taylor, 1413 Third street in Madison, sustained minor injuries. Simpson's truck had to be towed away, and he was released on a cash bond.

Mrs. Bernice Fague, 36, of 2153 Benton street, a passenger in a car driven by her husband,

Friday at 7:50 a.m. Friday at 1709 State street. She was treated for minor cuts and bruises at St. Elizabeth Hospital and was released.

Cars driven by Mary E. Pash-off, 3113 Fehling road, and Fague were halted in the traffic lane when a Tri-City Grocery Co. truck, driven by William L. Langer, 1814 First, ran into the back of the Fague auto, shoving it into the rear of the other. All three vehicles were damaged.

Paul Hayden, 24, Route One, Edwardsville, was admitted to St. Elizabeth Hospital at 6:45 p.m. Thursday after being found under a car. He had abrasions to the chest and right leg and a cut on the right knee.

Suffers Bloody Nose
Wanda Namp, Madison high school student, suffered a bloody nose when a driver-training car she was operating collided with a Fordville newspaper truck about 5 p.m. Friday on Poag road. None of the other driver trainees, nor their instructor, Glen Pickering, was injured.

State police arrested Steven E. Neuringer, Edwardsville, driver of the truck, on a charge of driving on the wrong side of the road. He is to appear in magistrate's court at 11 a.m. March 13.

McCambridge Crash
Southbound autos of Howard Woodrome, East St. Louis, and Mary Carroll, Wood River, were damaged in a collision on McCambridge avenue at Fourth street at 10:30 p.m. Saturday.

MY PLATFORM....

It is a privilege and honor to set forth, the following platform. It is not often a person has an opportunity to present his thoughts, dreams and ideas in this manner. I feel that as a candidate for Mayor of Granite City, I must give you as clear a picture of my ideals and beliefs, as humanly possible.

I. Full-time Mayor

Granite City needs a full-time Mayor. I pledge to devote my complete attention to the public and the affairs of Granite City. Only a person devoting full-time to the job of Mayor in our growing city of nearly 50,000 people, would be adequate. A Mayor who has outside interest or business is a Mayor who cannot avoid outside loyalties. You deserve a Mayor that will serve only your best interests each and every day.

II. Smoke and Air Pollution

Through investigation and conferences, State and Federal laws and regulations are now being formulated. The citizens of Granite City are aware of the damage smoke and air pollutants can do. The prosperity of our city depends on the industries in this area and industry cannot exist without creating some air pollutants. Blame for the existing air problems can not be placed on any one firm or individual. However, this does not mean that the city cannot take steps to improve existing conditions.

As Mayor of Granite City, I would propose immediate steps be taken to eliminate such practices as the burning of box cars in areas close to the city and residential areas. I would further propose complete cooperation with State and Federal authorities in controlling refuse and landfill burning south of the city in Madison and St. Clair counties. As Mayor, I would not suggest, in any of my proposals, that smoke and air pollutants be regulated to a point of creating unjust

or unreasonable burdens on industry. Smoke and air pollutants must be taken into consideration by all our industries and we must all work toward standards of acceptability, so that the air we breathe is as pure as the water we drink. The courts of our land have made decisions, in recent years, regarding the problem of air pollution, in favor of the public. I pledge to further a cooperative program between Granite City and industry aimed at the elimination of air pollution before a costly forced solution becomes eminent.

III. Sound Fiscal Policies

As your Assessor, perhaps more than any other person in the city, I am aware of the problems of local taxation. I have tried to equalize the burdens of taxation while showing your concern over needless and sometimes extravagant expenditures made by the various taxing bodies.

Since sound fiscal policies require long range planning, As Mayor I would coordinate the cooperative efforts of all city departments so that certain long range goals and achievements can be planned. I am also prepared to submit, with the cooperation of the City Comptroller, a budget for the consideration of the city council. The proposed budget would be published in advance to provide time

for full public debate and examination. Granite City must take the lead in establishing sound reasonable programs that can be accomplished without creating new burdens for the taxpayers. I firmly believe that such programs and long range planning will result in NO NEW TAXES and will more fully utilize existing taxes and revenues.

IV. Intergovernmental Cooperation

Every citizen of Granite City is served by six local governmental units (City, Schools, Park, Levee, Township and County), in addition to the State and National Government. Governmental functions are also carried out by Commissions and Boards, such as the Bi-State Agency and the Tri-City Regional Port Authority.

At the local level most people look for the Mayor to be coordinating force between the various units of government. By understanding the duties and powers of the various governing bodies and by meeting with them on problems affecting the city, the mayor could be such a force. He could eliminate duplication and achieve coordination which must benefit all. As Mayor, I would not hesitate to meet with any group that could affect the well being of our city, be it Mayor, Congressman or Governor. I further believe that arewide problems such as drainage, sewage treatment, highway and traffic problems can only be solved in an economical manner by cooperation with our neighbor-

ing communities. We must wake up to the fact that the next four years are going to be critical. If active leadership is not provided, the citizens of our community will have "missed the Boat of Opportunity." Much of the area surrounding Granite City will have, by default, fallen into the hands of others who have no interest in the citizens of Granite City. If the control of our outlying districts is forfeited to others, we will have little justification for complaints when all is not well in the future. I pledge to you that I will make every effort, through sincere cooperation with our neighboring communities, to solve many of our mutual problems in a manner that creates trust and understanding among us all.

V. Our Business and Shopping Districts

I believe that a feeling of respect and faith between the business community and the city administration is necessary for any program to succeed.

I do not propose to give nor do I believe the business community wants preferential treatment, but I do believe the city as a whole would benefit by having cooperation between the business community and the city administration.

The business districts are the very image of the city and they provide much of the revenue needed for services we all expect. We can assist ourselves if we help by:

1. Making adequate provision for free off-street parking areas on clean and attractive well-lit lots close to the business districts.
2. Enforce anti-litter laws and pass other legislation needed to further clean up the business district.
3. Encourage more complete and uniform building improvement and modernization programs so that our older business areas gain in all-over attractiveness.
4. Through cooperation with all our business areas, provide a sensible traffic control program to eliminate bumper-to-bumper rush hour traffic. Such a program can make it more pleasurable to visit our business districts.
5. Make an active effort to eliminate and reverse the trend to more businesses opening on Sunday. Not only in Granite City but in the surrounding two county area.
6. Provide our police with all the tools and training needed to cut down on shoplifting, break-ins, bogus check artists and other problems confronting our community daily.

Every effort made in strengthening the business community will result in benefits to all of city. Attractive clean areas in which to shop are a must and I believe the business community itself will provide most of the answers and results if given a little encouragement.

I feel that we can have more pride in our community if we have the face of the city sparkling and active.

I favor immediate action on redistricting the wards of our city so that the "One man One Vote" policies of our Federal government can be applied to our city government. Each alderman should represent, as nearly as possible, an equal number of citizens. You owe it to yourselves to vote for a mayor who wants you to be fairly represented in all matters coming before the council table. Much of the public is being short-changed at present.

I also believe that it is time for us to have uniform polling places. Elections are costly and we can no longer afford a duplication of polling places. Redistricting must

include a plan to provide one uniform polling place in each precinct. I pledge that I will put this important matter at the top of my legislative program.

VI. Redistricting

I favor immediate action on redistricting the wards of our city so that the "One man One Vote" policies of our Federal government can be applied to our city government. Each alderman should represent, as nearly as possible, an equal number of citizens. You owe it to yourselves to vote for a mayor who wants you to be fairly represented in all matters coming before the council table. Much of the public is being short-changed at present.

I also believe that it is time for us to have uniform polling places. Elections are costly and we can no longer afford a duplication of polling places. Redistricting must include a plan to provide one uniform polling place in each precinct. I pledge that I will put this important matter at the top of my legislative program.

I believe the Mayor of Granite City must provide the moral and professional tone for the entire city government. His interest in how well a job should be done tends to establish standards of acceptability. All departments of our city must raise their goals and each individual city employee must realize that anything short of a maximum effort and the highest standards will not be enough.

We must also take advantage of every opportunity for the training of city personnel. Certain departments of the federal and state government offer improvement courses for firemen and policemen. Given further training and modern tools and methods we should improve our fire insurance classification and cut our crime rate. The offices of the building inspector, comptroller and inspection department will be operated in a manner that will assure our city department performs its duties in an effective manner. Sound bidding procedures with clear specifications on equipment or performance will be established. I believe that we have an effective trash and garbage contract and that our citizens are receiving service that is as good or better than has ever been offered for the money spent. However, I do not have a closed mind on this matter and investigation of the present service and costs leads me to believe that there is room for further improvement. Whether this be by the city restoring its Sanitation Department or by private firm is not im-

portant as being sure that we are given better service at the lowest possible cost. I pledge that I will be fairly represented in all matters coming before the council table. Much of the public is being short-changed at present.

VII. City Departments (continued)

As in all problems, if we keep in mind one question, "What course of action is the most beneficial to the citizens of Granite City?", we can make decisions which result in greater benefit for you, the public. We will have the best engineering service available.

Our street department represents a large part of the cost of city government. We have many problems and improvements still waiting for solutions. Through cooperation with the Superintendent of Streets and with the help of long range planning I propose a program of continuing duration in which all streets will be brought up to minimum standards, which would include curbs and gutters for proper drainage. We can no longer afford to neglect the maintenance of our existing streets or we may end up with more major problems due to a lack of care. Some of our major streets and roads are little more

than bumpy country lanes and yet they must carry loads never intended. We cannot allow these conditions to continue, nor can we enter into future improvement programs that take as long as five years to complete when they should be accomplished in one or two years.

Much needs doing and with plans for short and long term goals, based on sound standards and needs, I am sure you will be provided with immediate results. Here again, if we but keep in mind "What benefits the citizens of Granite City" we will provide the proper answers. Traffic safety is another problem and cannot be solved with the clutter of existing stop signs. My entire street program will include a sensible approach to traffic control. As Mayor, I promise that I will provide standards which assure maximum effort from all departments of the city.

VIII. Zoning and Planning

We have too long been lax in up-dating the zoning and planning laws. Proper zoning and planning protects property values, provides for orderly growth and can qualify the city for financial assistance from our Federal Government.

In the past our city has lost funds that could have provided additional free parking areas, sewers for better drainage, land clearance and other improvements. We can never replace or re-qualify for those lost funds. It seems almost incredible that our laxity has

caused us to miss out on these outside revenues that we have. I pledge that the City of Granite City Will Always Qualify for State and Federal assistance. The benefits of such help will become evident to every citizen of Granite City.

IX. City Beautification

I believe a program of city beautification can now be realistically pursued. An industrial city has special problems when it comes to city pride and beautification, but I believe that active leadership and planning can result in improvements which will be pleasing to the eye.

I see no reason why our street department cannot plant a quality young tree for every old tree removed. I see no reason why we should have to endure looking at junk yards and other eye sores. As your mayor, I am sure that we can make substantial progress

in creating green areas, screen plantings to hide unsightly views and create a city that looks good to a stranger, as well as to ourselves. The city is our home and with a control of litter, smoke and debris, I'm sure we will all take pride in it.

X. Your Mayor

The Mayor of Granite City, in addition to his duties as leader of the city government, has the added responsibility to champion the causes of all the people who have special problems. My door would always be open to the citizens of Granite City.

As your mayor, I would offer full cooperation with citizens in maintaining the clean moral atmosphere found in most parts of the city. Our community can take pride in the fact that we have no gambling, houses of sin or other problems such as these. I pledge every effort will be made to punish offenders of our laws pertaining to underage drinking or other problems that could influence the youth of our city. Active leadership by the mayor can result in our city always being a clean, healthy community in which to raise our children.

The mayor must actively lead our community in the solution of so many varied problems that making all of them is prohibitive. The problem of obtaining 24 hour emergency room treatment at our

local hospital is just one example of the problems that, as mayor, we can solve, not with the powers to govern but with leadership, reason and cooperation with various civic groups.

The cultural interests of our city needs help in promoting good programs of interest to many citizens. Every effort should be made to bring to our city, good music, plays, art and other wholesome activities which we all require for a more complete and meaningful life. I believe in a better and prosperous Granite City. I have faith in the citizens of Granite City. I have a sincere desire to be your mayor. We can have a clean, active city if we but take the steps necessary. A city which we can proudly call our home.

On April 6, 1965, you will have an opportunity to vote for the candidate of your choice. I hope you will vote for me. It is here, in the clash of interests in everyday life that the public servant must attempt to wear the crown of a good name and to be faithful to his responsibilities.

I suggest that you keep this copy of my platform for future reference, because as your full-time mayor, I expect to keep faith with you the citizens of our community.

James Dumont is Judge In Contest For Teachers

James Dumont, audio-visual coordinator for the Granite City school system, was a judge last week in a nationwide, creative teaching contest among teachers.

The competition required that teachers present a lesson plan utilizing transparencies which are to be shown on the overhead projector, an audiovisual teaching machine. Winners are to be notified at a later date. There are about 20 finalists in Madison county.

"Here's the Lowdown on Shopping Downtown"

CASH REFUNDS IN DOWNTOWN GRANITE CITY SHOPPING CENTER

Cash refunds cheerfully given. What better guarantee of your satisfaction can there be than the knowledge that you can "get your money back" when you shop downtown stores. Your satisfaction with the merchandise you buy is the number one interest of every merchant. He wants — no he insists — on your being fully satisfied with your purchase. If you are not, return the item, with the sales slip, and your money will be cheerfully refunded — in cash. Another fine service of the "downtown merchants."

OVER 356 BUSINESSES — SHOPS AND PROFESSIONALS TO SERVE YOU BETTER

In addition to the 356 businesses listed above, Downtown Granite City Shopping Center offers many more services and facilities NOT AVAILABLE IN OTHER SHOPPING CENTERS.

There are two beautiful banks, five small loan companies, two building and loan associations, the Public Library, the office of the Illinois Power, Southwestern Bell Telephone and the Interurban Water Companies. Twenty lawyers, seventeen doctors of medicine, four eye doctors, City Hall, Police Station and the Tri-Cities' only movie theater . . . the Washington. There is the Western Union Telegraph Office, Barber Shops, beauty salons and, oh, so many more!

In fact, everything is available downtown . . . including our area's only hospital. Downtown . . . like the popular song says . . . is the place to have fun and receive a lift to your spirits. It's fun shopping and doing business in Downtown Granite City.

'Enriched' Study Planned For 3000 Gifted Students

Gifted children—who are they and what are their educational needs?

These are among the challenging questions currently being answered by the Committee on the Gifted Child, one of two dozen administrator-teacher committees at work in the Granite City school system.

One of the most frequent misconceptions was dealt with in the initial report of the committee to the school board. "This is not a program to develop intellectual snobs, but one in which the child learns to share and give what services he can to his fellow man," Mrs. Sara Sowell, chairman, explained. Other committee members are Mrs. Charlotte Price, Mrs. Anne Madril, John Mulach and Theodore Noth.

Development of Abilities
Instead of preferential treatment, the program has its goal merely providing the same thing sought for all students—educational opportunity. "By definition, equal opportunity involves an effort to help each child develop his potential abilities to the maximum. But nowhere are the gifted to be given special privileges," the board was told.

And the program goes beyond the 20% or 25% of the student body viewed by state standards as unusually talented or intellectually gifted. An estimated 3000 children here are superior in creative talent or academic ability.

Each Child Different
"As we become aware of the individual differences in the gifted students, we become more aware of all individual differences. As we try to improve our teaching methods for one group, they will improve for all groups."

An example cited was the mathematics field. "We had considered modern math for the pilot school for the gifted," Mrs. Sowell related. "But the administrative staff said, 'Why not for all schools?'"

Organized in October, the committee consists of representatives from the primary, intermediate, junior high and senior high school levels. Each member has formed a subcommittee at his level.

The committee describes the philosophy of the program as "the obligation of the school to help every child develop to his maximum, and assume his responsibility toward the betterment of society."

Systematic Identification
It is hoped to establish a continuous and integrated program from kindergarten through the twelfth grade; provide adequate and systematic identification of the gifted; develop a program which challenges and satisfies the needs of the intellectually superior child; develop a balanced program of intellectual, emotional, social, cultural and physical growth of the gifted; and develop the most effective and appropriate teaching methods to nurture unusual ability.

Other goals are to identify and motivate the underachiever; motivate the child to recognize and develop his individual and creative ability; provide proper

guidance and counseling; encourage continuous training of teachers in improved methods; bring about a closer home-school relationship; engender rapport between the school and community; utilize community resources, including community facilities, for enrichment of the program; and, through various hobbies, and continuous education, develop the student's citizenship.

There are many instances of instruction for the gifted at present, particularly at Granite City high school, but improvement and coordination will be sought at all levels.

Start at Primary Level
In addition to isolated improvements in all grades, extensive changes are planned at the kindergarten level, gradually working upward to include all students. Many of the initial changes aiding the gifted will be accomplished through the integrated primary plan to be started at some elementary school.

About 150 Granite City teachers will receive special training in the four-year program during the 1965 spring quarter under arrangements made by the Granite City district and Southwestern Illinois University. A summer institute for teachers of the gifted is being planned, and will hinge on state approval.

The state provides much of the funding for projects to improve the instruction of superior pupils, through its Department of Program Development for Gifted Children.

A telescoped mathematics class has been formed at one junior high school in preparation for accelerated algebra, and teachers have special provisions for the gifted, the board was informed.

Current and spring activities include creating intra-school libraries, creating a school library with the Testing and Evaluation

Committee to improve means of identification, establishment of a file on utilization of speakers and other community resources, investigation of means of providing for talent areas, closer coordination between junior high schools on methods and materials, and study of an advanced placement program for GCHS.

While differing selection of courses leads to increased education of gifted pupils from other youngsters at the high school level, no formal selection is planned, since each child can learn from other children and must develop ability to associate with a full cross-section of his age group.

And there is no fully accurate way to put a "gifted" label on one child and not another, since Child X may be adept at arithmetic but slow at English, and Child Y may find English easy but arithmetic difficult. Three or four groups may be found in a classroom at a given time, but membership will vary with subject matter.

Challenge All Students
Each teacher will continue to have a mixture of slow, average and fast learners. The obligation will be to keep all students sufficiently challenged; "enrichment" reading and study will play an important part in stimulating and interesting the more advanced youngsters.

Teachers have provided for the handicapped by the attitude toward the gifted child is that he can take care of himself. Mrs. Sowell commented, "The committee is convinced that such an approach would not only be unfair but ineffective."

Superior students whose appetite for learning is not satisfied can become bored or maladjusted pupils whose actual accomplishments are undistinguished.

"Their individual needs should be satisfied, but they also must be taught to recognize their ability and to meet their obligations to society—not merely by adjusting to society, but by living in it, participating and contributing toward its betterment."

Voter Registration Centers for Quad-Cities

Special centers for voter registration for the forthcoming April 6 township election will be in eight locations in the Quad-Cities this weekend. In addition, there are nine regular registrars.

Miss Dalila Hutz, county clerk, is stressing that next Monday, March 8, is the last date for persons not yet registered to visit one of the voter registrars. This is the first time registration is required for a township election.

The special centers this weekend will be open Friday and Saturday at the following locations: Granite City — Friday, First Granite City National Bank, 4 to 7 p.m.; and Park District Community House in Lincoln Place from 10 a.m. to 6 p.m.; and on Saturday at Kirkpatrick Homes Recreation Center, 10 a.m. to 5 p.m.

**Lack of Quorum
Cancels Meeting**
Lack of a quorum canceled Thursday evening's meeting of the village of Pontoon Beach board of trustees. No special meeting date has been set.

The trustees who were present at the firemen's recreation hall were Chester Dean, Tony Jackson and Otto Kreher. Four are needed for a quorum. Also present were Edith Phelps, clerk, and Mrs. Ruth Norton, treasurer.

Attempted Break-In
An attempted break-in was reported at 1:15 a.m. Friday at the Berna's service station, 24th street and Washington avenue. A window was broken on the west side of the building, but there was no entry and nothing was taken.

\$12 Million by Manufacturers
The bulk of the difference is found in the manufacturers category—only \$2,698,486 in July-September 1963 but \$12,375,654 in the latest report.

Other arseward figures for the third quarter of 1964 were:

General merchandise, \$1,089,040; food, \$5,431,925; drinking and eating places, \$1,262,267; apparel, \$685,180; furniture, household goods and radios, \$285,066; hardware, building supplies and hardware, \$1,339,132; automotive dealers and filling stations, \$3,449,086; retail-wholesale, \$1,124,255 and miscellaneous establishments, \$192,138.

Listings for Cities
Breakdowns by municipalities follow:

Granite City—\$924,119 general merchandise, \$4,294,130 food, \$1,267,533 drinking and eating, \$648,588 apparel, \$563,391 furniture, \$1,286,800 hardware, \$8,074,128 automotive and stations, \$807,818 retail-wholesale, \$138,716 miscellaneous and \$12,340,571 manufacturers.

Madison—\$160,648 general, \$868,634 food, \$374,132 drinking and eating, \$16,592 apparel, \$261,675 furniture, \$89,712 hardware, \$243,517 automotive and stations, \$257,287 retail-wholesale, \$28,862 miscellaneous and \$2,378 manufacturers.

Venice—\$298,831 general, \$312,844 food, \$32,345 drinking and eating, \$22,620 hardware, \$93,287 automotive and stations, \$46,145 retail-wholesale, \$24,579 miscellaneous and \$5704 manufacturers.

Mitchell—\$293 general merchandise, \$2,698,486 food, \$1,262,267 apparel, \$685,180 furniture, \$285,066 hardware, \$1,339,132 automotive dealers and filling stations, \$3,449,086 retail-wholesale, \$1,124,255 and miscellaneous establishments, \$192,138.

Madison—Friday, West Madison Memorial Center, Third and Washington streets, noon to 8 p.m.

Mitchell — Saturday, Presley Market, noon to 8 p.m.

Daniel Boone Will be SWIU Lecture Topic

John Francis McDermott, humanities research professor at Northwestern Illinois University, will discuss "Daniel Boone and the Artists" Tuesday at 8:15 p.m. in SWIU's Alton auditorium. Third in a series of four free public lectures on "Glimpses of Life and Art in 19th Century United States," McDermott's talk will be concerned with the ways that various painters and illustrators saw pioneer and backwoodsman Boone, who became a legend in his own lifetime, the archetype of the frontier hero.

A specialist in American cultural history, Prof. McDermott is author of more than 30 books and a contributor to more than 130 periodicals and other books, many of which concern frontier life.

The final lecture in the McDermott series, "The Mississippi River Before Mark Twain," will be presented March 16.

HARRIS BROWNIERS MEET

Brownies of Troop 139 met at Harris school Wednesday with the leader, Mrs. Pauline Richter. Girl Scouts Christie Skelly and Ruth Fanning assisted with the meeting, which was opened with a flag ceremony. Brownies promise and "America". Games filled the remainder of the time. The Brownies took home "sit ups" they had made during previous meetings. Those present were Becky Gardner, Beth Ann Dykes, Connie Voss, Diane Porter, Ellen Richter, Janice Piner, Josephine Gorko, Kim Bister, Linda Glasper, Rhonda Bass, Stephanie Clark and Sandra Sanders.

MRS. BLATTNER ENTERTAINS CLUB

Mrs. Jesse Johnson and Mrs. Marge Seibert, both of Venice, Mrs. Helen Daley and Mrs. Lenna Williams, both of Madison, Mrs. Donna Ponce and Mrs. Dorothy Fecht, both of Troy, and Mrs. Norma Robertson of Highland arrived at the home of Mrs. Robert Blattner, 2905 Yale drive, Thursday evening for their Canada club meeting.

Mrs. Blattner showed the members through her new home prior to the same period. She formerly resided in Venice.

Mrs. Fecht was the winner at

Dinner Commemorates National Gaslight Day

Mr. and Mrs. Steve Conkovich were hosts for a dinner party Saturday evening at the Cheshire Inn, Clayton for the staff of Laclede Gas Co. Dinner was served to 32.

Out-of-town guests were Mr. and Mrs. Harold Jalas, Chicago, Jalas is vice-president of Champaign Gas Products, Inc. with which Conkovich is associated. The banquet is held each year prior to National "Gaslight Day."

Proceeds from the supper will go to the fund uniform fund. Uniforms are to be purchased for the high school students with various donations.

A monthly meeting of the Madison Literacy Club will be held at 7:30 tonight at the junior high school with Mrs. June Barham presiding.

LITERARY CLUB PLANS MAY INSTALLATION

The Madison Literary Club heard an "Evening of Music" Friday evening in the home of Mrs. Harry Johnson, 1538 Third Street.

The following officers will be installed during the May meeting: Mrs. Ellen Follmer, president; Mrs. D. L. Kacaleff, vice-president; Mrs. Marion Fogle, secretary; Mrs. Dennis Revell, corresponding secretary; Miss Bess Carr, treasurer; Mrs. John McElwain, emcee; Mrs. Henry Conole, critic; and Mrs. L. C. Harlan, historian.

The members plan to take a gift to nursing home patients before Easter.

Harvey Johnson served travel shies taken on a trip to East and West Berlin, Sweden, Switzerland and Spain.

Mrs. Johnson served a luncheon including a dessert learned from one of her trips abroad. The centerpiece was an arrangement of flags from the different nations.

Guests for the evening were Mrs. Miller, Mrs. Don Cramer and daughter, Kathy; and Miss Morene Groshong. Members present were Mrs. L. C. Harlan, Mrs. Fogle, Mrs. J. J. Furell, Mrs. Estella McBrien, Mrs. John McElwain, Mrs. D. L. Kacaleff, Mrs. Carrie Lashley, Mrs. Revell, Mrs. Conole, Mrs. R. J. Hill sr., Miss Follmer and Miss Grace Dicksen.

The next meeting will be held in the home of Miss Nell Carr, 3045 Franklin avenue.

Girl, 3, Eats Aspirin, Gets Stomach Pumped

The hospital's emergency room stomach pump was needed Thursday for three-year-old Rhonda Young, daughter of Mr. and Mrs. David Young, 3033 Dale avenue, who had eaten an unknown number of candied aspirin. She was released after the treatment.

Dr. Malfred Hamm, 86, of 2048 State street, was given treatment for a cut to the back of his head suffered when a chair

State Street Mishap

Southbound autos collided at 15th and State streets at 10:30 p.m. Friday, damaging the front of the car of Gary Kied, 2111 Lincoln avenue, and the rear of the auto of Edward L. Campbell, 228 Broadway, Venice, who was attempting to turn left.

fell over backwards. A slip on the ice resulted in E. F. Garin, 2837 Idaho avenue, visiting the hospital for treatment of rib and shoulder injuries.

Attends State Meeting

Earl Parsons of Granite City attended an executive board meeting of the Illinois Hairdressers and Cosmetologists Association held in Chicago this weekend. Eugene May, state president, announced plans for state championship competition in Belleville during March. Parsons is a director of the state association.

Pontoon Beach and Mitchell, Big Cities of the Future?

THREE CHEERS FOR PONTON BEACH AND MITCHELL, THE BIG CITIES OF THE FUTURE, both within big effort from their residents and a lot of help from Granite City, the little town that should have been a great city!

A sobering thought, this, though made partly in jest by someone who had just had a frustrating encounter with the shortsightedness of Granite City government. Those who heard the toast laughed at the idea it represented, but the discussion that followed brought an interesting question to light. Just what are Granite City's chances, under its present leadership, for worthwhile growth, not only in 1965 and 1966 but also in the next ten and twenty year periods? Candid investigation of the question proved the toast to be more frightening than funny.

Granite City is presently almost completely surrounded by both incorporated and unincorporated areas doing their best to provide for their residents the services that are normally the city's most attractive assets: water and sanitary sewers, roads and streets. They are using all the governmental assistance available to provide these services at a reasonable rate even with a relatively small number of residents to share the cost.

These services are being used as inducements to subdivision developers to choose out-of-city locations for their future developments. They are being used also to keep present out-of-city developments from annexing to the city, providing them with city services at what seems like less than city cost.

Granite City has two alternative futures if it continues on its present aimless path. It can be completely strangled by small developments, and incorporated areas on its perimeter, or it can, in desperation, annex these areas in the future at fantastic cost. It wouldn't have the almost impossible job of joining unplanned

G. H. STERNBERG

streets to give a workable under a system of street-uniting service systems into a workable whole to give equal service to all residents.

Granite City has another and brighter future if it has the courage, the desire and the energy to capitalize on it. The machinery for that future exists, in the form of the Plan Commission, to provide for orderly growth by business, industry, attractive residential areas, and to provide for beauty and order and cultural enrichment. The machinery has existed a bit and has become only a zoning committee as it has been completely ignored by the one man charged with making it function properly, the mayor.

G. H. Sternberg, your Community Service Candidate for Mayor, is the man with the knowledge, the courage, the desire and the energy to assist the excellent members of the Plan Commission and give them the dedicated leadership their efforts need and deserve. Voters, give them that leadership! Let's end our traffic problems! Let's help our merchants upgrade our business area! Let's PLAN for multi-unit residences to ease our land hunger productively and pleasantly! Let's beautify as we grow! Growth doesn't have to be ugly! We must plan unceasingly, work unflinchingly and think unselfishly as we build the thriving city Granite City has every right to be!

RAYMOND STRATTON HONORED ON BIRTHDAY

Mrs. Mary Jo Stratton, 1152 Rhodes street, honored her son Raymond Jr., on his tenth birthday with a party at their home Saturday afternoon.

Games were played and prizes were awarded to Robert Swager, Bobby and Cindy Householder and June Wallace.

Refreshments were served to those named and Mrs. Lucy Householder, Merle, Mary and Kenny Householder, Darlene, Pat, Cindy and Flint Wallace, Mrs. Barbara Maxwell and children, Nancy, Linda, Janice, Charlie and Tommy, Robin and Ivan Cowen, Billy Hindrick, Beverly Lane, Geraldine Green, Mary Mathew and Jolene Stratton and the honored guest, who received many gifts.

Assembly of God ministers and their wives, along with deacons and their wives of Section Nine, attended a dinner and business meeting Friday night in East St. Louis. The speakers were Rev. E. M. Clark and Rev. Dennis Blackburn.

Those attending included Rev. and Mrs. John Polizzi, Mr. and Mrs. Clifford Black, Mr. and Mrs. Arthur Mathenia and Mr. and Mrs. William Hildeoth.

Mr. and Mrs. Carl Cucchi and children, Tonya, Angela and Philip Glenn of Rode, avenue moved to Pinckneyville, Ill. Friday evening to attend a shower for Mrs. Jean House.

GC JAYCEE TERRY BADER displays a blue and gold welcome sign, one of six to be erected in Granite City by the Junior Chamber of Commerce. Bader, who is serving as project chairman, reports the signs will be located at East 22nd and Charles streets; Missouri avenue at West 25th street; 14th street and Madison avenue; the 1400 block of Edwardsville road; Nameoki and Johnson roads; and Pontoon and Maryville roads.

CUB SCOUTS HONORED

AT ANNUAL BANQUET
Cub Pack Four held its annual blue and gold banquet Thursday evening in the multi-purpose room of Logan school. A pot luck dinner was served.

The guests of honor were Mrs. Eva Meyer, school principal, Mrs. Juanita Craycraft, school secretary, Tom Shane and Mrs. Warren Wells.

Mrs. Craycraft gave the invocation and Culmaster Jim Reynolds introduced guests and gave a brief talk on the history of scouting. Pack leaders who were recognized included Committee Chairman Herb Davis, Treasurer Woodrow Davis, Secretary Bill Lester, outdoorsmen Fred Steffans, Refreshments Chairman Kenny Justice and den mothers, Mrs. Betty Tester, Mrs. Annabel Fitter, Mrs. Ruth Cave, Mrs. Nora Harris, Mrs. Lorena Justice and Mrs. Pearl Wells.

An Indian ceremony preceded presentation of awards to Cub Scouts Herbie Davis, Chester Foster, Mike Lester, Timmy Steffans, Anthony Stavelly and Mike Reynolds. A graduation ceremony was held for Anthony Stavelly. Decorations and arrangements were made by Mrs. Justice, Mrs. Harris, Mrs. Emma Reynolds and Miss Carol Reynolds.

Ray Bell of Dittmer, Mo., was a Saturday guest of his uncle and aunt, Mr. and Mrs. Tom Robertson, 2613 Circle drive, and his sister, Mrs. Lillie Anderson and her children, James and Judy, 2617 Circle drive.

Truck, Car Collide

The front of the pickup truck of Charles Hilton, 1017 Bessel street, Venice, and the left side of the auto of Lonnie Clayton, 1736 Spring avenue, were damaged in a collision at 18th and State streets at 6:50 a.m. Saturday.

Charged With Leaving

Scene of Auto Crash
William V. Wargin, 55, of 1034 Cleveland blvd. was arrested at that address for allegedly leaving the scene of a collision with the parked auto of Harold Chandler, 2021 Washington ave-

nue, on 18th street near State street at 11:30 a.m. Saturday. Wargin also was charged with driving while under the influence of alcohol and violating a driving license restriction.

FREE TOUR LITERATURE
AT HOLIDAY SERVICE

Fined for No License

Granite City police charged Frank Hayes, 25, of 1501 Edwardsville road with driving without an operator's license at 2:30 a.m. Saturday. Pleading guilty the same day, he was fined \$25 and costs.

Decision Awaited on Nameoki Ballot Protest

The Nameoki township elec-
toral board may rule, following
tonight's town board meeting, on
the ballot for the April 6 town-
ship election.

A hearing was held Thursday
afternoon, with State's Attorney
Joseph Bartylak as an observer.
Attorney Nick Vassileff repre-
sented the township and Ator-
ney Philip Thies representing
Town Board Directors Edison
Phelps, Keith Hart and Matthew
"Mick" Poppe, whose party de-
signation is being challenged.

Testimony showed no reason
why they filed their petitions in
book form rather than with a
party heading on each page, but
it was brought out that when
the petitions had initial
headings and were stapled to-
gether, there was no stamp
now. Supervisor Harry Briggs
an electoral board member, ad-
vised Maurice McGraw, deliv-
ering his protest about the pe-
titions and also is a member of
a competing party, the board was
told.

\$40,000 Dram Shop Suit Filed in Circuit Court

A dram shop suit for a total of
\$40,000, including \$20,000 in two
counts, has been filed against
the Day City and Mary's tav-
ern, Poston Beach, in behalf of
the estate and heirs of Francis
A. Sumner.

The complaint alleges that
Sumner was a passenger of an
auto driven by James Jordan
who became intoxicated at the
two establishments prior to a
fatal accident on Highway 111
on March 6, 1964. The suit was
filed for Jane Sumner Davis,
Granite City, administrator of
the estate of the deceased, and
Jane Sumner Jarvis, Sharon K.
Sumner, Richard Allen Sumner
and Terry Joe Sumner, minors,
by their mother, Jane Jarvis
Sumner.

Dismissal Motion Filed on Decota's Ballot Complaint

A legal attempt by Duane C.
Pong Decota to have his name
placed on the April 6 ballot for
Chouteau township supervisor
was delayed Friday as a motion
to dismiss the suit was taken
under advisement by Circuit
Judge Harold R. Clark at Ed-
wardsville.

A week earlier, Decota filed
for a writ of mandamus to re-
quire the Chouteau township
clerk to honor his petitions,
which he attempted to file at 7
p.m. Feb. 15, two hours after an
alleged 5 p.m. deadline.

He maintained in the suit that
previous attempts to file the pe-
titions were unsuccessful, as he
was unable to locate the clerk,
who had neither a regular office
nor regular hours.

The motion to dismiss claimed
that Decota's petition to the cir-
cuit court generally was insuffi-
cient. A ruling on the case may
be announced by Judge Clark
this Friday. Meanwhile, an in-
junction restraining Sparks from
issuing official ballots printed re-
mained in effect.

VOTE "JIM BARTON ASSESSOR"

\$50 Refrigerator Fire

Fire caused an estimated \$50
damage to a refrigerator motor
at the home of John Favier, 2100
Amos avenue, at 4 p.m. Satur-
day. Firemen also were called at
8:15 p.m. Saturday to Ralph Ad-
ams' laundromat, 2450 Nameoki
road, where gas exploded in a
boiler; no fire resulted, but the
fire department stood by until a
boiler inspector arrived.

Warrants Name Driver.

Warrants served on James E.
Campbell, 20, of 2 Mercer drive
at 11:30 a.m. Saturday charged
him with reckless and careless
driving and driving without
lights. Pleading innocent at the
city hall in Granite City, he was
released on a property bond un-
til March 11.

Parked Auto Damaged

A northbound hit-and-run car
damaged the left side of the
parked auto of Jerry Poole, 2443
Cleveland blvd., at that address
at 11 a.m. Sunday.

Chicago Chamber Group To Play SWIU Concert

Southwestern Illinois University will present the Chicago Chamber Orchestra in a "Scandinavian Gala" on Friday at 8:15 p.m. in the auditorium of the East Alton-Wood River high school.

Pianist Inger Wikstrom will be the soloist, and featured will be music by Finnish and Danish composers and the works of Norway's Edvard Grieg and the Swedish composer, Heinrich Rasmussen.

Miss Wikstrom also will play Erlend von Koch's "Piano Concerto No. 2."

The program is open to the public without charge.

PIANIST INGER WIKSTROM who will play in an SWIU concert Friday.

Loot, Cash in TV Burglary Totals \$965

Burglars who broke into the Sterling TV Shop, 420 Madison avenue, Madison, early Thursday, obtained \$186 cash and hauled away seven TV sets and a radio valued at \$773, according to a report to Madison police by Ray Edwards, operator of the

store, after an inventory was completed.

Edwards said the burglars took one portable radio, six 15-inch TV sets and one 11-inch TV set. The total loot of \$965, including the money which was taken from a cash register, was listed in an inventory filed with police Friday.

SERVING THE COMMUNITY FOR OVER 15 YEARS.

Zoning, Building Codes Aid Entire Community

(Norman Johnson, SWIU Community Consultant, has prepared the following explanation of zoning and building codes.)

It is the intent of zoning to simply fix areas by their existing or planned use and to stop other uses from being present in the same locations.

For example, if a given district is set aside for homes, or residential use, then a factory may not be permitted in that same district. The opposite would normally also be true, that is, a home would not be allowed in a district set aside for industrial purposes.

Zoning further attempts to lessen congestion in the streets; to secure safety from fire, flood, and other dangers; to avoid undue population concentrations; and to facilitate building size, general facilitation of water and sewerage services.

Subdivision Controls
It is the intent of subdivision regulations to protect the total community and its government from land use developments that are faulty and, over a long period, costly to the owner, developer and city alike.

Usually, these requirements include the following items:
1. Submission of a subdivision layout drawing.
2. Submission of a plat.
3. Specifications and designs of streets, land grades, sidewalk widths, block and lot sizes and dimensions.
4. Utility availability, location, size, etc., for water, sewers, electricity, gas, etc.

Division of Use
It is clear that both zoning and subdivision regulations are useful to the people and builders alike for their own self-protection. Their main purpose is to regulate land use patterns much like one's home is divided into kitchen, living, and sleeping areas.

This is not an easy area of question to deal with; it is full of heated and injured personal feelings based upon, on the one hand, our Christian heritage to be kind to our fellowman and on the other, our observations of the world as it is.

This is the same problem area that Alton May, past assistant supervisor of Alton township, sought to deal with prior to the adoption of the Madison County Zoning Ordinance when he wrote:

INSURANCE??

See Sam Wolf
Miller-Wolf Realty
Belleme Shopping Center
TR 7-2345

"I wish I were able to say that in this world everything is sweetness and light; that every man acts as if he were his brother's keeper and that charity and goodwill prevail everywhere."
— In that case, it would not be necessary to have any laws at all. A police force, army or any other protective force or device would be absurd and we could have a lot of trouble and money.

There are degrees of ingenuity among people and there are always those who, by sharpness or a greater mental ability, are able to amass, sometimes at the expense of his fellowman.

"Sometimes this sharpness is clear cut and can be labeled with great distinction. These people are the ones who, through force or guile, actually take another's goods and, at the same time, put themselves in jeopardy because they have violated one of our man-made or one of the natural laws which are for the protection of us all."

Effect on Individual
The enactment of controls is always a risky business, and must be accompanied by a great deal of thought and deep feeling on the part of the individual.

"In many cases the objector to such a program tries to divert attention from the person who is helped and focus it upon the person who is penalized in one way or another. He can, in this way, paint a very dark picture. "They are telling us what we can do with our own land," he says, "Communism" or "dictatorship," he cries. Of course, this is untrue."

"An agency is appointed to control the individual's use of his land. Controls are not brought on or enforced by one person or group, but by the

whole community. This is democracy at work in its most effective way.

"This gives a person the right and the means to protect himself from those who would do him harm. If a prospective landowner is undesirable, he has a right to say so and a place to go to do something about it. If he believes it is desirable, he may help mold the restrictions to fit the particular case." May concluded.

New Construction
Building codes seek to protect the safety, health and welfare of the public through the establishment of rules covering new construction standards and procedures.

Modern building codes regulate at least all of the following and, in most cases, more than included here: building height, floor areas, light and ventilation, wood frame/metal and masonry construction, fire walls, design loads, stresses and wind pressure, fireplaces and chimneys, and some aspects of heating.

The most important thing to remember about the building code is that it is the backbone of the building industry because it establishes the minimum allowable standard for new construction in a locality.

Mechanical Codes
Mechanical codes represent a cluster of codes, rather than a single regulation, and comprised of at least the following:

Plumbing Code — A law governing water supply, sewer systems, venting requirements and, occasionally, sprinkler systems. It requires of the contractor the submission of drawings, specifications of materials to be used, and often the actual passage of

field tests to insure water tightness and standards performance for each job.

Electrical Code — This is very similar to the plumbing code because, while it is concerned with the electrical system instead of plumbing, it demands that the same type of office and field performance requirements be met.

In this case, often the power company will not turn on the electricity until a certificate of acceptance is posted. Another similarity exists because most states require both plumber and electrical contractor to serve apprenticeship and a period as journeyman before taking an examination for a "Master's License."

Heating Regulations
Heating Code (often combined with Ventilation and Air Conditioning codes) — This regulation covers the installation of equipment, its standard of operation, and occasionally — especially for high pressure steam — its continued maintenance.

All heating units are normally included by this regulation, though, sometimes, hot air furnaces (those systems requiring sheet metal ducts for passage of heat), their ducts and grills may be regulated by a special code.

In this part of the country, the heating systems that require radiators will be done by the contractors and the work that requires radiant heating (rubbing within floors, walls, and ceilings) will be handled by plumbers.

There are several other types of codes that are adopted by many communities (such as Elevator, Unfired Pressure Vessels, Sprinkler Codes) but the plumbing, electrical and heating codes are the mainstay of the mechanical code series.

High School Dropouts May Enlist in USAF

Broader enlistment policies designed to give young men a greater opportunity to join the Air Force were announced today by Sgt. Joseph Welch, U. S. Air Force recruiter.

The new criteria, which allows acceptance of young men who are unable to complete high school, will give greater opportunity to become a member of the aerospace team.

He said the Air Force, which urges students to remain in school, realizes that a few young men, for some reasons, cannot complete high school, and these are now eligible for a career in the Air Force.

Those who leave school during the current year must have the concurrence of school officials to enlist. If accepted, they

Granite City PRESS-RECORD

Mon., Mar. 1, 1965 Page 19

will be given the opportunity to complete their high school education while in uniform.

Sgt. Welch said the changes are necessary because of vacancies existing in the many occupational and technical fields needed to perform the defense mission of the modern Air Force.

Detailed information on the program may be made by contacting Sgt. Welch in the basement of the Granite City hall from 9 a.m. until 4 p.m. Mondays, Wednesdays and Fridays or by contacting the East St. Louis recruiting office, 435 Missouri avenue.

Driver Charged in Crash

A car driven by James E. Leonard of 4448 Highway 162 made a stop on 18th street and Grand avenue and then pulled into the path of a Sverdrup Parcel station wagon driven by James P. Covey. The crash, causing a collision and damaging the fronts of both cars at 8:10 a.m. Friday, Leonard was charged with failure to yield right-of-way.

Windshield Damaged

Frank Lemmons, 2217 Monroe street, reported to Madison police Friday that vandals damaged a windshield of his tractor diesel truck Thursday afternoon with rifle slugs. Lemmons told officers four rifle holes were made on one side of the divided windshield and two on the other side while it was parked at a truck lot at Fourth street and Grand avenue.
